

**RFP# 16-03-C  
CORPORATE OFFICE AND CLINIC CLEANING SERVICES**

**Questions and Answer  
November 7, 2016**

The first set of questions came up on the walk-throughs:

**Q1: Can you provide us with the floor plans for the medical sites?**

A1: I have attached all the building layouts that I could find. I cannot attest to their accuracy.

**Q2: Do we do any cleaning for the attached Fagan Pharmacy?**

A2: No. They have their own cleaning crew.

**Q3: Do we clean mats?**

A3: The mats need to be vacuumed but they are rented through Cintas.

**Q4: Does HealthLinc own the Michigan City building?**

A4: No. This is a leased building. I do not yet have an answer about cleaning the MC back stairs. Do not include them in the scope. If the stairs are to be cleaned, it will be a separate solicitation.

**Other information:**

On your quote, please include pricing for the use of microfiber mopping systems in our healthcare facilities. <https://www3.epa.gov/region9/waste/p2/projects/hospital/mops.pdf>
